LANDSCAPING AND PLANTING SERVICES (FLOOD CONTROL)

1.0 INTENT:

The intent of this Invitation for Solicitation is to establish a listing of qualified vendors to provide landscaping and planting services as defined herein. Multiple awards (listing of qualified suppliers) will be made.

Other governmental entities under agreement with the County may have access to services provided hereunder (see also Sections 2.8 and 2.9, below).

The County reserves the right to add additional contractors, at the County's sole discretion, in cases where the currently listed contractors are of an insufficient number or skill-set to satisfy the County's needs or to ensure adequate competition on any project or task order work.

The County reserves the right to award in whole or in part, by item or group of items, by section or geographic area, or make multiple awards, where such action serves the County's best interest.

2.0 SCOPE OF SERVICES:

2.1 **TECHNICAL SPECIFICATIONS:**

The County Agency will prepare a separate Request for Quotation (RFQ) for each project depending on the type of commodities and/or services required for that specific project. It is not expected that each vendor be able to perform all of the requested services. For example, a vendor may be able to perform Landscaping Installation but has no experience in Desert Restoration.

A Scope of Work (the RFQ) will be prepared for each individual project. Projects may include one or more of the following landscaping and planting services:

2.1.1 SITE DESIGN AND ANALYSIS

The Vendor shall be able to prepare landscaping concept, landscape design plans and technical specifications, and site analysis based upon the County's direction and needs and the site conditions. Site design and analysis may include, but not necessarily limited to, agronomic soil sampling and analysis, grading design and plans, planting designs and plans, landscape construction plans and details, irrigation design, and maintenance plans.

2.1.2 SITE PREPARATION

This task may include, but not necessarily limited to, site preparation and grading/drainage, soil preparation, exotic species removal, clearing and grubbing, and trash or debris removal.

2.1.3 PLANT AND IRRIGATION INSTALLATION

This task may include, but not necessarily limited to, material procurement, planting various sizes of nursery stock or other material, irrigation design and installation, and other plant installation related services. The Vendor shall be experienced in site supervision of subcontracted installers and may be required, but not limited to act as site superintendent for landscape construction and installation.

2.1.4 LANDSCAPING MAINTENANCE

The Vendor shall be able to maintain the plants and irrigation system of a landscaped area for a specified period of time (e.g., until the plants are self-sustaining).

2.1.5 SEEDING

This task includes seeding disturbed areas for purposes such as erosion control, site restoration, wildlife habitat creation, etc. The Vendor shall be able to procure seeds and other required materials, apply seed with hydraulic equipment (i.e., hydro-seeding) or apply seed using an alternate method. The County using department, prior to start of operation, must approve the alternate method of seed application. This task may also include irrigating or maintaining the seeded areas until a healthy stand of plants is achieved.

2.1.6 RESTORATION

The Vendor shall have experience and demonstrated success in desert or dry land restoration and/or riparian restoration. Often, due to the site location, these sites may not have water available for irrigation. This task may include, but not necessarily limited to, site analysis and design, design and implementation and installation of irrigation systems or wells for remote sites, various grading or site preparation techniques, soil preparation, exotic vegetation removal, seeding, plant installation, plant salvaging, vertical mulching, land imprinting, site maintenance and monitoring, and other innovative and effective desert and riparian restoration techniques.

2.1.7 PLANT SALVAGING

This task may include, but not necessarily limited to, salvaging plants, maintaining, and replanting salvaged material. The Vendor shall have experience and demonstrated success in salvaging plants in Arizona.

2.2 USAGE REPORT:

The Contractor shall furnish the County a quarterly usage report delineating the acquisition activity governed by the Contract. The format of the report shall be approved by the County and shall disclose the quantity and dollar value of each contract item by individual unit.

2.3 ACCEPTANCE:

Upon successful completion of the performance period, the system shall be deemed accepted and the warranty period begins. All documentation shall be completed prior to final acceptance.

2.4 INVOICES AND PAYMENTS:

2.4.1 The Contractor shall submit two (2) legible copies of their detailed invoice before payment(s) can be made. At a minimum, the invoice must provide the following information:

- Company name, address and contact
- County bill-to name and contact information
- Contract Serial Number
- County purchase order number
- Invoice number and date
- Payment terms
- Date of service or delivery
- Quantity (number of days or weeks)
- Description of Purchase (product or services)
- Pricing per unit of purchase
- Extended price
- Total Amount Due

- 2.4.2 Problems regarding billing or invoicing shall be directed to the using agency as listed on the Purchase Order.
- 2.4.3 Payment shall be made to the Contractor by Accounts Payable through the Maricopa County Vendor Express Payment Program. This is an Electronic Funds Transfer (EFT) process. After Award the Contractor shall fill out an EFT Enrollment form located on the County Department of Finance Website as a fillable PDF document (www.maricopa.gov/finance/).
- 2.4.4 EFT payments to the routing and account numbers designated by the Contractor will include the details on the specific invoices that the payment covers. The Contractor is required to discuss remittance delivery capabilities with their designated financial institution for access to those details.
- 2.5 TAX:

No tax shall be levied against labor. It is the responsibility of the Contractor to determine any and all taxes and include the same in proposal price.
- 2.6 DELIVERY:

It shall be the Contractor's responsibility to meet the proposed delivery requirements. Maricopa County reserves the right to obtain services on the open market in the event the Contractor fails to make delivery and any price differential will be charged against the Contractor.
- 2.7 FUEL COST PRICE ADJUSTMENT:
 - 2.7.1 This provision provides for limited increased or decreased costs of motor fuels (fuels) used to perform services under this Contract. This provision does not apply to burner fuel (i.e. propane, natural gas, fuel oil, used motor oil). It applies to motor fuel only. Fuel cost adjustments may be either positive or negative. A positive fuel cost adjustment will result in an increase in payments to Contractor while a negative fuel cost adjustment will result in a decrease in payments to Contractor.
 - 2.7.2 This provision is intended to minimize risk to both parties to this Contract due to fuel cost fluctuations that may occur during the term of this Contract. This provision is not designed to estimate actual quantities of fuel used in providing services under this Contract, but to provide a reasonable basis for calculating a fuel cost adjustment based on average conditions.
 - 2.7.3 Application of this provision will come into effect upon Contractor submittal of a fuel cost adjustment request. A request may be submitted only when the increased cost of fuel, established as a percentage of total contract price (base fuel cost) upon award of this Contract, exceeds ten (10%) percent of the base fuel cost. The Contractor may request a fuel surcharge no more than four (4) times annually, during the month(s) of March, June, September and December. The request must be submitted no later than the tenth (10th) of the month. Any surcharge shall be effective the first of the following month after receipt and approval. The date of County approval of a fuel cost adjustment request shall become the base date for any future Contractor adjustment requests.
 - 2.7.4 Contractor shall include, as part of its price bid, the percentage of total contract price fuel represents (e.g., fuel cost equals 10% of Contractor cost) (see also, Attachment A, Prices). This percentage will represent and establish the base fuel cost for this Contract. The base fuel cost shall be established as the due date for submission of proposals for this Contract. All subsequent fuel cost adjustments shall be based upon the date the County approves a Contractor's request for fuel cost adjustment (e.g. fuel cost adjustment approved by County on January 1, 2006, January 1, 2006 becomes base date for any next Contractor request for adjustment).

2.7.5 Fuel Cost Application Requirement. The Contractor must provide documentation including type of motor fuel and fuel invoices with price of the fuel used in providing services under this Contract, from the month bids were due and the month of the cost adjustment request, with any fuel cost adjustment application. The fuel cost adjustment application must be completed with all applicable data, and signed by the Contractor.

2.7.6 The fuel surcharge shall be based on the current quarterly index of the West Coast (PADD5) Diesel (On-Highway)-All Types or Reformulated Areas Gasoline compared to the previous quarterly index period as reported on the Energy Information Administration (EIA) website: <http://www.eia.doe.gov/>

2.7.7 The computation of the fuel surcharge amount shall be determined as follows:

2.7.7.1 The fuel cost component from Attachment A (Pricing) of the Contract with Maricopa County, multiplied by the percent of change indicated by the EIA report from the previous index period.

2.7.7.2 Upon agreement by the County to the surcharge, the County shall issue written approval of the change prior to any adjusted invoicing submitted for payment.

2.7.7.3 The surcharge shall be added as a separate line item to the invoice.

2.8 STRATEGIC ALLIANCE for VOLUME EXPENDITURES (\$AVE):

The County is a member of the \$AVE cooperative purchasing group. \$AVE includes the State of Arizona, many Phoenix metropolitan area municipalities, and many K-12 unified school districts. Under the \$AVE Cooperative Purchasing Agreement, and with the concurrence of the successful Respondent under this solicitation, a member of \$AVE may access a contract resulting from a solicitation issued by the County. If you **do not** want to grant such access to a member of \$AVE, **please so state** in your proposal. In the absence of a statement to the contrary, the County will assume that you do wish to grant access to any contract that may result from this Request for Proposal.

2.9 INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENTS (ICPA's)

County currently holds ICPA's with numerous governmental entities throughout the State of Arizona. These agreements allow those entities, with the approval of the Contractor, to purchase their requirements under the terms and conditions of the County Contract. Please indicate on Attachment A, your acceptance or rejection regarding such participation of other governmental entities. Your response will not be considered as an evaluation factor in awarding a contract.

3.3 PRICE ADJUSTMENTS:

Any requests for reasonable price adjustments must be submitted sixty (60) days prior to the Contract annual anniversary date. Requests for adjustment in cost of labor and/or materials must be supported by appropriate documentation. If County agrees to the adjusted price terms, County shall issue written approval of the change. The reasonableness of the request will be determined by comparing the request with the (Consumer Price Index) or by performing a market survey.

3.4 INDEMNIFICATION:

3.4.1 To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County, its agents, representatives, officers, directors, officials, and employees from and against all claims, damages, losses and expenses, including, but not limited to, attorney fees, court costs, expert witness fees, and the cost of appellate proceedings, relating to, arising out of, or alleged to have resulted from the negligent acts, errors, omissions, mistakes or malfeasance relating to the performance of this Contract. Contractor's duty to defend, indemnify and hold harmless County, its agents, representatives, officers, directors, officials, and employees shall arise in connection with any claim, damage, loss or expense that is caused by any negligent acts, errors, omissions or mistakes in the performance of this Contract by the Contractor, as well as any person or entity for whose acts, errors, omissions, mistakes or malfeasance Contractor may be legally liable.

3.4.2 The amount and type of insurance coverage requirements set forth herein will in no way be construed as limiting the scope of the indemnity in this paragraph.

3.4.3 The scope of this indemnification does not extend to the sole negligence of County.

3.5 INSURANCE:

3.5.1 Contractor, at Contractor's own expense, shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best, Inc. rating of B++6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of County. The form of any insurance policies and forms must be acceptable to County.

3.5.2 All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of the Contract is satisfactorily completed and formally accepted. 3.5.4 Any failure to comply with the claim reporting provisions of the insurance policies or any breach of an insurance policy warranty shall not affect the County's right to coverage afforded under the insurance policies.

obligated to review policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

3.5.12.1 Prior to commencing work or services under this Contract, Contractor shall furnish the County with certificates of insurance, or formal endorsements as required by the Contract in the form provided by the County, issued by Contractor's insurer(s), as evidence that policies providing the required coverage, conditions and limits required by this Contract are in full force and effect. Such certificates shall identify this contract number and title.

3.5.12.1.1 In the event any insurance policy (ies) required by this contract is (are) written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of Contractor's
